REPORT OF HEALTH OFFICER

As this report goes to press we are in the midst of one of our periodic epidemics of measles, twenty-five cases having been reported to date. Fortunately none of these cases has been excessively severe but never-the-less vigilant watch over a child's health should be kept after having had the disease and medical attention should be given during the sickness. Whereas measles itself is not particularly serious the complications that sometimes accompany, and the after effects sometimes make this disease one that we can not dismiss lightly. Epidemics could be pretty well eliminated if we knew the sources of infection in time and were able to segregate exposed individuals for a proper period. Segregation of the patients in the cases of all communicable ailments from the common cold to the most virulent forms of contagious diseases is a practice that cannot be too highly recommended.

Throughout the year a few complaints have been investigated and I am pleased to report that co-operation in correcting unsatisfactory conditions has been quick and willing. Last Fall the town did considerable improvement at the Town Dump under the direction of the Selectmen, and I wish to point out that greater care should be taken in the future to dump rubbish where it is supposed to be dumped and not practically in the highway, and that all organic matter be disposed of in some other manner rather than be taken to the dump. All this from the standpoint of aesthetics as well as health.

I wish to thank the people for their co-operation in the past and invite them to avail themselves of the services of this department whenever necessary.

REED M. PATTERSON,
Health Officer.

New Boston, N. H., January 31, 1938

REPORT OF THE DOG CONSTABLE

To the town of New Boston, N. H., for the year ending January, 31, 1938.

Total number of dog license fees collected as follows:

74 male dog licenses at $2.00	$148.00
22 female dog licenses at $5.00	110.00
14 spayed female dog licenses at $2.00	28.00
2 five dog kennel licenses at $12.00	24.00
2 ten dog kennel licenses at $20.00	40.00
Total	$350.00

A number of unlicensed dogs were disposed of by their owners voluntarily.

By allowing a much longer time than should have been necessary your Dog Constable was able to collect all dog license fees to the best of his knowledge. It would be well to bring to the peoples' attention at this time that the prompt payment of dog license fees is advantageous both for the town and for the dog owners and it is to be hoped that in the future greater promptness will be shown in paying these license fees.

REED M. PATTERSON,
Dog Constable.

New Boston, N. H., February 10, 1938.

REPORT OF SUPERINTENDENT OF SCHOOLS

To the Citizens of New Boston:

This season has brought one change in our teaching force. Mr. Allen Charter accepted a position as principal in the Manchester Schools after his two years here. To take up his work we secured Mr. Victor Sanborn, who was graduated from Middlebury College at Middlebury, Vermont in June, 1936. The following year he took courses relating more directly to the work of New Hampshire schools at Keene Normal School.

Each year makes more evident the great advantages of the plan New Boston is carrying out in the centralized school idea. A few years ago the many problems such as distances, roads, and transportation seemed to be almost insurmountable difficulties. But today distance means less; we take it for granted that there will be stormy days and cold weather, and find in actual working that these items mean but little. New Boston is particularly fortunate in its "School Carriers." They are reliable people with suitable conveyances, and have an almost unbeatable record for regularity and promptness.

The enrollment in the high school this fall, 55 pupils, has reached a higher point than it has had for many years. The elementary enrollment is about as usual, a total of 66 in grades one to 6 and 24 in grades seven and eight or junior high school. A total of approximately 150. Last June the following completed the work of grade eight:

Mildred Raymond, Phyllis Bose, Helen Boulter, George Cluche, Bernice Gagnon, Martin Colburn, Muriel Bailey, Charles Emerson, John Corliss, Lena Roustas, Doris Klardel, Alice Sharkey, John Daniels, Jr., Louis Christian, and Gertrude White.

A few of the above did not return but most of them are now in high school. There is very little loss any more at the conclusion of grade eight.

In June of last year the graduating class from the high school included:

Elizabeth Bose, Jean Leland, Natalie Chandler, salutatorian; Mildred Skofield, valedictorian; Marjorie Rogers, Dorothy Paige, Herbert O'Hanlon, John Hagland, Robert Colburn, Charles Colburn.

The achievements of last year's debating groups are well known. To find such ability, training, and accomplishment in a school as small as New Boston reflects unusual credit upon the participants, and upon Mr. Nedeau, who coached and directed that work. Last year is gone, but the experience and its values, will remain as a permanent possession of those whose performance brought merited recognition and commendation.

The attendance records for the last year were very good. The high school per cent of attendance, 95.7, was above the state average, of 94.7. The junior high school's attendance record was just at the state average.

New Boston citizens are to be commended for their unfailing support of the institution provided for their young people. The School board's discriminating and wise judgment, and its direction has placed all the school people of the town in one comfortable modern building where all secure equal privileges. The community spirit which leads the church and the various organizations to work with the schools in so many ways, makes possible a correlated community effort which is rarely found. Those of us who are concerned in the direction and planning are appreciative and grateful for the co-operative spirit expressed by the community.

Respectfully submitted,

J. BYRON TARNEY,
Superintendent of Schools
